Could you please tell us now in your own words, how you have found Care for Me as a Homecare Company? How was the carer who looked after you/ your loved one? Was the contact with the Office / Manager a nice experience? And would you recommend Care for Me to other people who you may or may not know?

I find the care provided for my mother at present very good.

There were a few issues at the beginning which meant I had quite a lot of contact with the office. Everyone was very willing to try and resolve these problems and these problems were dealt with to my satisfaction and without causing too much upset to my mother or any of the carers.

In Summary am very satisfied with the care provided for my mother.
