

Could you please tell us now in your own words, how you have found Care for Me as a Homecare Company? How was the carer who looked after you/ your loved one? Was the contact with the Office / Manager a nice experience? And would you recommend Care for Me to other people who you may or may not know?

We the Chadwick Family especially my father is very pleased with the care that he is receiving from your company. He is very much looked after and is treated with a lot of dignity and respect. My father feels very secure in his home environment and everything is so familiar to him. The attention to detail by your company is much appreciated by our family. The care that is with us (Mary) is a lovely lady and an excellent carer. She affords Dad a lot of time and listens to him and enjoys in conversation with our father throughout the day. The importance of consistency is so important for our father and as a result he is very settled and content with Mary and your company. Mary has great time for our father and this is very obvious when we come and visit. It is the main areas that mean so much to the family and which we as a family have received from Mary and your company is

1. Respect for our Dad father on a day to day basis.
2. Dignity that is afforded him.
3. A lot of time and patience given to our father.
4. A keen interest shown by the carer to our father.
5. Time and attention by the carer given to our Dad.
6. Contact with the office has been very good and

nothing has been an issue.

Thank you.
