Could you please tell us now in your own words, how you have found Care for Me as a

Homecare Company? How was the carer who looked after you/ your loved one? Was the contact with the Office / Manager a nice experience? And would you recommend Care for Me to other people who you may or may not know?

We have used Care for Me for about two years since 2012 I think. If we were not 'very happy' we would not have continued to use the agency! There are probably three main areas we would assess.

1. We have always found the office staff most courteous, willing and helpful with queries, requests, suggestions and in responding when changes need to be made. There is always someone at the other end of a telephone which is very important.
2. Our father, (and in the past, our mother) is very content with the level and "type" of care the agency have given us. This is vital.
3. Our extended family are very happy with the ladies and the work and conscientiousness they show, as well as one fact that our Dad is so content.

Lastly I have / we have and will continue to recommend Care for Me to others.
