Could you please tell us now in your own words, how you have found Care for Me as a

Homecare Company? How was the carer who looked after you/ your loved one? Was the contact with the Office / Manager a nice experience? And would you recommend Care for Me to other people who you may or may not know?

Care for me have been looking after my husband and myself for the past few months. The level of care they have shown to us is excellent. The carers are with us 24 hours for 7 days and they are very easy to live with as they show great kindness to me and keep our home in great shape. The management is very alert to any problems we might have and I would recommend this company
