Could you please tell us now in your own words, how you have found Care for Me as a Homecare Company? How was the carer who looked after you/ your loved one? Was the contact with the Office / Manager a nice experience? And would you recommend Care for Me to other people who you may or may not know?

Mam was happy with the carer she got she got on very well and she looked after her so well.

I found the company very good rang up and you's looked after me straight away. Mick and Linda were very nice they visited me before the proper assessment and were so nice and genuine lovely people. Sinnetta took care of mam very well they had a laugh together and was there for mam when she needed her she gave mam 100% attention and company which mam was happy with I would definitely recommend care for me to any one looking for a break to leave their loved ones in good capable care. I would tell people to contact care for me if they needed a break because I found you's a great experience and will definitely be using care for me again in the future.
